

Willseal LLC and LITSCO Invite You to Attend

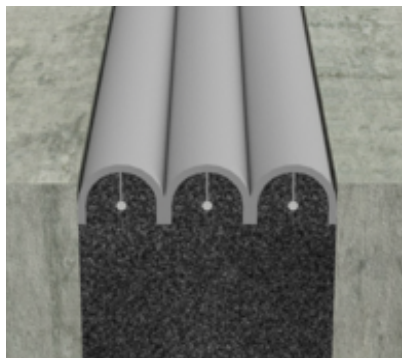

“FOAM & FOAM”

LIC Beer Project
Tuesday, June 26th, 5–7pm
3928 23rd Street
Long Island City, NY 11101

Explore the latest advances in compressed foam sealant technology while enjoying artisan New Hampshire cheeses, smoked meats & charcuterie

Learn about the newly unveiled Willseal 250R, a revolutionary sealant joint featuring patented reinforced technology, providing horizontal joints with greatly increased resistance to heel punctures and other downward pressures for use in parking garages, retail environments, and other high foot traffic areas.

The event will present an informal overview of Willseal's innovative product line and latest market-leading offerings, while we enjoy delicacies from fine purveyors in Willseal's home state incl. North Country Smokehouse (Founded in 1912) & Boggy Meadow Dairy.

To RSVP please visit www.foamandfoamnyc.eventbrite.com
